1. INVITATION

- 1.1 The purpose of this TORs document is to request relevant service provider to submit proposal for assisting Gauteng Tourism Authority (GTA) in appointment of an external service provider to assist in the project for conducting a study on the impact of COVID 19 and loadshedding on tourism SMMEs and use the outcome to develop an Incubator Strategy for Developing Tourism SMMEs.

2. BACKGROUND

- 2.1 Tourism has become one of South Africa's most important sectors. Since the dawn of democracy, tourism in terms of its direct contribution to overall GDP has increased from 1.8% in 1995 to 2.8% in 2017 (Statistics South Africa, 2018b; 2018a) – around 9% when taking into account estimated indirect impacts (World Travel and Tourism Council, 2018).
- 2.2 A driving force behind South Africa's prioritisation of tourism as a vehicle for development pertains to the sector's ability to create sustainable jobs. Data suggests that from 1995 to 2017, direct employment in the travel and tourism industry saw a dramatic increase from just above 200 000 to approximately 722 000. This increase in the number of jobs reveals the labour intensity of the sector and its potential to respond to the country's perennial unemployment challenge (OECD, 2020).
- 2.3 According to the WTTC, in 2019 travel and tourism contributed 7.0 percent to South Africa's GDP, totalling ZAR 354.9 billion, or USD 24.6 billion. The sector contributed 9.1 percent of total employment, equating to 1, 483, 200 jobs across the economy (WTTC, 2020). Tourism has gained prominence in the South African economy in recent decades and developing successful small and medium-sized tourism companies is likely to contribute to the creation of jobs in the sector. However, Integration of the sector at the local level necessitates a dynamic business environment that enables the establishment of inter-sectoral linkages and an expanded value chain in terms of goods and services (OECD 2020).
- 2.4 Entrepreneurs SMME's and are pivotal in cultivating such an environment. Data suggests that between 2013 and 2018, the total number of enterprises in the economy slightly increased from 335 000 to 345 000, with most of the change incurring between 2017 and 2018 (OECD 2020). The number of tourism establishments, however, increased by 6 200 – an increase of 15 percent (see figure 7). About one quarter of these new tourism establishments related to food and beverage serving activities and the great majority to other tourism activities (World Tourism Organization, 2020).

Number of tourism establishments as a percentage of total establishments, 2013-2018.

Note: Tourism establishments include accommodation for visitors, food and beverage serving activities, passenger transportation, travel agencies and other reservation services and other tourism characteristics industries.

2.5 THE AIM OF THE IMPACT EVALUATION STUDY

2.5.1 To have an Incubator Strategy.

2.6 THE OBJECTIVE OF COVID 19 IMPACT AND LOADSHEDDING EVALUATION STUDY ON TOURISM SMMEs

2.6.1 Conduct a study on the impact of COVID 19 and Loadshedding on Tourism SMMEs.

2.6.2 Convert the outcome study to develop an Incubator Strategy for developing SMMEs, including its Implementation Plan.

3. RATIONALE

3.1 The Gauteng Tourism Act (No. 10 of 2001), Section 3 provides for the establishment of the Gauteng Tourism Authority (GTA). Section 4 of the same Act provides for powers and duties of the Authority. The Act aims to provide for the promotion and sustainable development of tourism in Gauteng. The Authority derived its legislative mandate from the Gauteng Tourism Act, as amended by Act No. 3 of 2006. The rationale for revising this Act is to reflect the specific marketing role of GTA, which was a newly adopted mandate, to include other developments, such as the implications of the National Tourism Act, No. 3 of 2014.

3.2 GTA is an implementing agency of the Gauteng Department of Economic Development (GDED). GDED approves the mandate and provides clarity on the roles and responsibilities of GTA. The Authority

operates within the parameters of certain regulations. The declaration of government policies is derived from the Constitution of the country.

3.3 The Constitution of the Republic of South Africa (Act No. 108 of 1996) outlines the roles and responsibilities of national, provincial and local governments, providing the basis on which these are regulated in all spheres of activities. GTA was established in terms of the Gauteng Tourism Act, No. 18 of 1998. The Act aims to provide for the promotion and sustainable development of tourism in Gauteng. Thus, the Authority derived its legislative mandate from the Act above.

4. PROBLEM STATEMENT

4.1 It is evident that the COVID-19 pandemic impacted the tourism industry quite hard around the world and in South Africa, mainly due to the lockdown and travel restrictions that were imposed.

4.2 SMMEs have made significant contributions to enhancing the economic growth of South Africa. The COVID-19 lock-down hindered the growth of SMMEs. During the initial lockdown in March 2020, a survey of the tourism industry was conducted in collaboration between the World Bank International Finance Corporation (IFC), National Department of Tourism (NDT), and Tourism Business Council South Africa (TBCSA) and all its member associations.

4.3 The studies objective was to quantify the degree of the impact of COVID-19, the effectiveness of the support provided, and what kind of interventions will be required. Of the 1610 respondents, data suggests revenues in March 2020 declined more than 50 percent compared to the previous year in the same period, and 34 percent of firms reported revenues were 100 percent less, see the figure below for reference.

- 4.4 In response to the challenges of tourism sector, in particular as SMME's were decimated by the pandemic, the South African government introduced the "Tourism Relief Fund" a fund that provided a once-off capped grant assistance to SMME'S in the travel and tourism value chain in an effort to safeguard their sustainability during and post the implementation of government measures to curb the spread of Covid-19 in South Africa.
- 4.5 The grant funding per entity, was meant to subsidise expenses towards fixed costs, operational costs, supplies and other pressure cost items. Categories eligible to apply for the Tourism Relief Fund included accommodation establishments, hospitality and related services, travel and related services (OECD, 2020b).
