ULYSSES TOURS & SAFARIS COMPANY PROFILE TOURS, TRANSPORT & AIRPORT SHUTTLE

WHO WAS ULYSSES?

Ulysses was the king of Itchaca, called Odysseus in Greek. He was the mastermind behind the wooden horse used at the siege of Troy. After the taking of Troy, Ulysses set out for Itchaca, which, however, he did not reach for twenty years. During this time he experienced the travel adventures described in the famous book by Homeros.

SAFETY CONCERNS IN SOUTH AFRICA

As a South African company we are aware of the concerns that suppliers (and individual travelers) might have on their safety in South Africa. We have introduced the following measures:

1. All our drivers are in possession of a valid driver's licence and Public Driver's Permit (PDP).
2. We have sent all our drivers to complete a course in advance driving (Defensive driving) and Hijack Prevention. It was offered by BMW at Zwartkop Raceway and each driver has been issued with a certificate on completion.
3. As a member of SATSA, we support and have access to the Tourism Safety Initiative www.satsa.co.za/tsi
4. Our vehicles are fitted with satellite tracking and we are able to monitor each vehicle's movement at any given time.
5. All vehicles' windows are fitted with safety film / "anti-smash&grab"
6. Our drivers are screened by MIE Background Screening, before they are appointed – their finger prints are taken and any possible previous conviction is reported, ensuring that we appoint only drivers with a clean record. Licences and Public Drivers Permits are also verified, eliminating possible fake licences and PDP's
7. Drivers only receive their job cards when they report for duty, so they don't know in advance who and where they will be picking up or which route they will be travelling.
8. All drivers are tested with an alcohol breathalyser on a daily basis.
9. COVID-19 Crisis Management Protocol: Enhanced protocols to minimise the spread of any airborne and surface-borne bacteria and viruses have been developed and accepted. A separate document is available on request.
